MEMORANDUM FOR THE RECORD

SUBJECT: NSC Briefing of 13 October 1955

1. The 261st meeting of the NSC is scheduled for 1000 Thursday, 13 October 1955. Because the DCI will present his semi-annual report to the Council on this occasion, he plans to omit his usual "current developments" briefing unless a development of major importance takes place before Thursday.

2. Divisions are therefore relieved of the responsibility of preparing briefing topics in the usual fashion, and are instead asked to maintain close watch for possible major developments. Should such occur, a schedule for preparation and rehearsal will follow.
